

7 August 2013

To whom it may concern,

RE James Aitken, Photographer.

As a member of the Dunedin Junior Rugby Club committee in 2010 I was responsible for organising the Junior Club team photos.

After making numerous enquiries I chose James as he was really well priced and very amenable regarding times etc.

On the actual day James was brilliant. He was able to organise the teams quickly, having great behavioural management techniques and a relaxed personality.

The photos were taken quickly, and then with his excellent editing skills missing players were able to be added, players not smiling were able to be altered, and closed eyes were opened!

James had the proofs through to us so promptly, with very little need for returns for names. We had never before had such consistently excellent, high quality photos, with all the teams looking so great.

I highly recommend him, and would look at using him for any photographic work I ever needed.

Please feel free to contact me with any further enquiries about James.

Yours sincerely,

Rewa Elliot-Sharpin
