

**RE: ROSLYN WAKARI AFC 125TH
31 MAY – 2 JUNE 2013**

I was put onto Aitken Photographic by a Roslyn Wakari club member a few weeks before the clubs 125th anniversary. James was very positive and laid back about the process so I didn't know what to expect as there was a lot to take photos of during the long weekend.

I needn't have worries as James was very professional in the manner he took photos and the end results exceeded expectations and we were all extremely happy.

We certainly received value for money and in fact would have probably paid more if we knew what we were going to receive.

I would certainly use Aitken Photographic again.

James covered celebrations from Friday night right through till Monday this covered 8 compition football games on the Saturday and 5 on the Sunday which included team photos and action shots of all the games, taken over 2000 photos, and producing a disc which included team photos and action shots of all games and formalities which come with organising 125th year celebration.

Overall he conducted himself very professionally and was easy to get along with fitted in really well didn't even know he was there.
